Chattanooga, TN 37406

JJ,

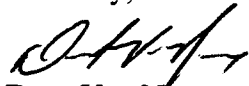

I would like to personally thank you for your contribution to the American Heart Association by participating in BenchMark Rehab Partners "Skeets for Beats" fundraiser. As we stated in our call to action letter, heart disease is the leading cause of death in the United States and touches almost all of us personally. It is through your donation that the American Heart Association can continue to educate people on the risks and dangers of heart disease.

As a corporate partner with the American Heart Association, BenchMark Rehab Partners has committed to raising \$300,000 this year for the American Heart Association! We are excited and highly motivated to hit this massive milestone. We are only able to do so by donations like yours.

As a valued team member with our organization, it is with great thanks that we give the enclosed gifts as a thank you for partnering with us to fight heart disease. Giving back to our communities is a vital part of who we are and why we created our Beyond the Mark committee to support organizations like the American Heart Association.

Once again, thank you for partnering with us.

Sincerely,

Dave Van Name
Chief Executive Officer
